

Chun W. Lee
Project Manager

Education

Bachelor of Science in Mechanical Engineering with a minor in Computer Information Systems and Statistical Math, from the University of Nevada Reno, 2003

Professional Affiliation

American Society of Heating, Refrigerating, and Air Conditioning Engineers (ASHRAE)
Order of the Engineers

Experience and Qualifications

After graduating from the University of Nevada, Reno, Chun accepted an offer to become a draftsman for ABF Consulting Engineers. His eagerness to learn, hard working ethics, and strong understanding of engineering fundamentals quickly earned him a position as a mechanical designer.

During Chun's employment with CR Engineering he has shown leadership and willingness to take on more responsibilities. He accelerated from Mechanical Designer to Project Manager and continues to take the lead and get projects completed on time. Chun's experience includes; banks, medical offices, casinos, parking garages, gyms, pools, kitchens, multi-level office buildings, mechanical system renovations, tenant improvements, and schools.

Chun's responsibilities include; project management of design, design coordination meetings, writing specifications, construction observations, and project administration.

Chun has been with CR Engineering for 4 years and has 6 years of experience
